For McKinley Pugh.

About half past 2 o'clock yesterday afternoon Albert Bell, Eliza Haley and Mary Haley started out for a ride. They were coming down Market street toward Fourth when their horse became unruly. The vehicle struck a culvert crossing, the occupants were thrown out and the forewheels and shafts followed the horse down Market. Nobody hurt; but the buggy has gone to the shop. The outfit belonged to Coughlin Bros.

THEN AND NOW.

How These Papercats Do Wiggle and Squirm.

Times Star.

In 1892 Bryan said that prices were too high and advocated "Tariff reform" to prevent consumers from being "robbed." Now he says that the gold standard is responsible for low prices.

In 1892 Bryan told the wage-earners that the dollar did not buy enough, and many of them believed it. Today the burden of his plaint is that the dollar "buys too much." That is a different story. Can any workman swallow it?

In the Fifty-third Congress Bryan championed "cheapness." We then had the gold standard, Protection, plenty of business, good wages and good prices. Today he deprecates cheapness and ascribes it to the "Crime of 1873."

In the Fifty-third Congress Bryan favored free wool. Protection was withdrawn. Wool has fallen from 28 cents to 12 to 14 cents. This low price, he now says, is due to the gold standard.

Under Protection and the gold standard in 1892, before Bryan and his associates on the Ways and Means Committee had prepared a Free trade bill, prosperity in this country was universal and labor fully employed at high wages. Since the doctormen did their work, about sixty per cent. of the factory hands have been out of work—on account of the gold standard, says Bryan.

In 1892 the cry of the Bryans was "trusts" and "high prices." Now it is "trusts" and "low prices."

In 1892 it was the game of the Bryans to array the "masses" against the "classes" on account of "high prices." Now they are attempting the same thing with the shout of "low prices."

In 1892 these men proclaimed that Free trade would do wonders for the people. Now they promise free coinage will work miracles.

In 1892 they were bumbums and frauds.

In 1892 there are frauds and liars.

Sometimes it seems to weary wotan that she must certainly give up. The simplest and easiest work becomes an almost insurmountable task. Nervousness, sleeplessness and pain harass her and life seems hardly worth the living.

Dr. Pierce's Favorite Prescription was made for her. Dr. Pierce's Golden Medical Discovery was made for her. The former is for the heart, the latter, the other, for her general system. Together they assure a scientific and successful course of treatment. The "Favorite Prescription" restores health, regularity to the organs, distinctly firmness. It relieves all nervousness, the tissues, relieves inflammation. The "Golden Medical Discovery" makes appetite, helps digestion, promotes assimilation, fills the body with strength and neck back the glistened glow of girlishhood.

Send 25 cents in one-cent stamps to W. D. Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1892 new common sense MEDICAL ADVISES, Illustrated.

KENTUCKY'S VOTE

Was It the Heaviest in the History of the State—Both Parties Claim the Victory.

LOUISVILLE, Ky., Nov. 3.—The indications are that Kentucky, like Indiana, will cast all the heaviest votes in the history of the state. There is going to be so much scratching, however, that the counting will be slow. A great many county seats are 30 miles or more from telegraph or communication, with mountain roads to be traversed, and it will be 11 o'clock before anything definite can be ascertained as to the general result.

The campaign managers for both parties remain confident in the success of their respective candidates. The silver democratic campaign committee, gives \$9,514 as his estimate of Bryan's plurality outside of Louisville, which he succeeds to McKinley, with the exception of Clark County, which is to be the strongest for Bryan.

Chairman Roberts, of the republican campaign committee, says 15,000 is a rock bottom estimate of McKinley's plurality. He does not know any new claims on the congressional contests. Col. Breckinridge is going to have a fight in the Seventh district with chances slightly in his favor.

With Human Head.

LAWRENCE, Ky., Nov. 3.—William McKinley, the tall, fit, dark-haired man from Winchendon, Mass., died with a strange freak of nature in the shape of a pig with a human head. It has but one eye, that just above the nose. Otherwise the formation is perfect. The pig is three days old, and was one of a litter of eight born in a sty belonging to a colored man in Winchester.

Breckinridge's Hops.

LEXINGTON, Ky., Nov. 3.—The race for the governorship of Kentucky in this district has been a lively one, and many figure that the successful candidate will have only a small majority. Col. Breckinridge's friends have been doing everything in their power to combat the various different elements against him. His friends claim that Breckinridge will receive a majority of 6,000.

LAWRENCE, Ky., Nov. 3.—A political awakening came to Lawrence county, Monday, when James Van Hoose, a McKinley man, struck Meredith Chandler on the head with a rock, causing a probable fatal wound. At another political meeting in Lawrence county James Van Hoose was stampeded and killed by Lafe Marcus. Marcus, it is claimed, acted in self defense.

Politics Causes Another Murder.

LEXINGTON, Ky., Nov. 3.—At Capita Hill in Edmonson county, Monday, a negro named Hutchins was stabbed in the side and abdomen by Joseph Whittle, a young man whom Hutchins was trying to eject from a meeting of gold democrats. Whittle refused to leave the hall, and Hutchins shot him. Both men died.

Strange Death in Williamson.

WILLIAMSTOWN, Ky., Nov. 3.—The silver members of the Elite club Monday morning proposed to give a ball on the night of November 2d for the benefit of the silver medal of McKinley. Whittle, a colored boy, if Bryan wins, will be 32.

A Fatal Cheat.

LEXINGTON, Ky., Nov. 3.—A special force of police, under Capt. Jewell, was organized, and was sent to the scene of the Smith Grove minstrel troupe was parading, when Jewell, who was drunk, began to shout for McKinley. Twenty shots were fired.

Will and Lawyer Burns.

LEXINGTON, Ky., Nov. 3.—Near here on Casoy's creek Monday morning the saw-mill plan of James Ross, together with a considerable amount of lumber, was burned. The loss was several thousand dollars. The mill originated from sparks from the mill.

A Tragedy's Fatal Mistake.

COVINGTON, Ky., Nov. 3.—Ed Jenkins, colored, killed himself Saturday morning, Nov. 2d, in the farm of Dr. Carr, in this county. The man quarreled regarding the possession of an old weapon.

STRANGE CAUSE

Of a Fatal Accident at the Packer Colliery, Girardville, Pa.
Two Men Instantly Killed and a Third One Fatally Injured.

After Applying the Match to a Blast a Miner Is Led to the Ground by an Error of Coal Gas. The Others Go to His Help With Above Results.

PITTSVILLE, Pa., Nov. 3.—An accident resulting from a slight explosion caused the lives of two men and the fatal injury of a third at a Packer colliery No. 2, at Girardville, Monday afternoon. Thomas Welsh, of Lost Creek, John Halan, a German, Joe Stump, of Lost Creek, and Michael Mack, who was at work in the mine, Monday afternoon, Welsh had been engaged in what is known as "robbing pillars." He had driven a hole in the face of the breast in which he put the blast. He applied a match to the square and hurried away for a short while. He had gone but a few feet when a large lump of coal rolled onto his foot, pinning him fast to the ground.

Immediately preceding the explosion of the blast, he cried for help. The other three were working near and disregarding the danger to themselves, they ran to Welsh's rescue. They had scarcely reached him when a mass of coal uprooted the man. Halan and Welsh were crushed to death and Mack fatally injured, while Stump was fortunate in escaping with slight hurts.

The banks were called upon to make heavy shipments of currency by express to banks in the interior.

Gen. Lee Interviewed.

MARSHALL, Nov. 3.—A telegram from Lee, in Atlanta, says what he wants to do is to have an interview with him with Consul General Lee prior to the departure of the latter from Havana to New York. According to the dispatch, Gen. Lee is to go to New York to make a private visit to New York. He added, the correspondent says, that he was confident that the heroism of Capt. Gen. LONDON, Nov. 3.—The Home correspondent of the Daily News claims to have authority for the statement which he telegraphs to that paper that the powers are working actively to end the American rebellion, and that anyhow a provincial solution will be to recognize a military occupation as the only remedy. It has not yet been agreed which power will undertake the occupation.

Bryant Will Carry Us.

SALT LAKE, Utah, Nov. 3.—Monday night the radical, democratic, republican and populist fusion managers claim Bryant will carry the state by \$5,000 majority, and the democrats claim King's election to congress by 8,000 majority. The radical managers contend that the state will go for Bryan, but say that the majority will be very much smaller than claimed by the fusion people.

Republicans Gain by 75,000 Plurality.

DES MOINES, Ia., Nov. 3.—Latest returns from republican headquarters are that the state will go 75,000 plurality or about 55,000 majority for McKinley. The democrats and populists who have fused, claim the state for Bryan by 15,000 to 25,000. This is probably the largest ever known in all the cities and towns, and the poll will be 23,000 larger than ever before.

A Close Vote in Nebraska.

LINCOLN, Neb., Nov. 3.—The vote in Nebraska is to be close, and it is questionable if the result will even be definitely known before Thursday. If betting is any indication Bryan men have a trifle the best of it. Mr. Bryan's home town is expected to be won by the republicans by 6,000, but his supporters insist that it is far too large.

With both lying at his feet he fired a bullet into his own brain and died almost instantly. The girl will probably recover, but Metzger will die.

Metzger and the girl went to the home of her parents Sunday night. Linton heard of it and followed them.

COURIER JOURNAL'S

Prediction as to the Result of the Election Full Vacancies in the Kentucky Legislature.

LOUISVILLE, Ky., Nov. 3.—The Courier Journal will say Tuesday that the Republicans will almost certainly secure a majority in the legislature to be filled Tuesday. Only one district is conceded to the Democrats. If this proves true, it will make the legislature stand 69 republicans to 51 democrats. That action will then consist of quieting the disturbance. The Negroes will rally around a hall and hold a meeting. The militia is still at the army ready for any emergency. The fire department also has been ordered to be ready. More trouble is expected.

ATROCITIES

Perpetrated by Both Rebels and Spaniards in the Philippines.

The Latter Torture Prisoners, Especially if They Be Prominent Men.

Captives' Hands Nailed to Walls—In Other Cases Thumbersaws Used—A Dungeon Worse than the Black Hole of Calcutta.—Terror Reigns.

LONDON, Nov. 8.—The Daily News Tuesday publishes a letter from an English merchant in the Philippine Islands, in which he says that the rebels have been persecuted by both the rebels and the Spaniards, but more especially by the latter, who are torturing the prisoners, particularly when they are prominent men, with a view of forcing them to commit complicity in the rebellion. He declares that in some cases prisoners have been nailed to walls in other cases thumbsaws have been used. A hundred prisoners were thrown in one night into a dungeon in the fortress at Manila, where there was hardly room to stand. The place is worse than the black hole of Calcutta. The poor wretches were up to their knees in filthy, putrid mud. Fifty-nine of them died during the night. A reign of terror exists in Manila and throughout the islands. Many arrests are made daily of innocent and guilty persons.

The writer adds that the rebellion is due solely to the rotten and corrupt administration of the Spaniards, which gives rise to the rebellion.

A Malady.

Grimshaw—What is your politics sir?

Gasseaway—I'm a firm believer in the free and unlimited coinage of silver, sir.

Grimshaw—Huh; that isn't politics! It's a disease.—Puck.

....your dollar buy too much?

Heck—Yes, I do even a silver mine for his crops to great a purchase power? Is there anybody who prefers dollars which will buy few things to those which can be exchanged for many things? If so, you can be accommodated with cheap Mexican dollars. Now, don't all speak at once!

....The Bryan free coinage party wishes to keep our present monetary system, and will replace it with a standard money of its own, in which every dollar would be worth only the silver it contains—namely, 50 cents. Do you prefer our present dollar worth 100 cents or a silver standard dollar worth only 50 cents?

....Your children are subject to croup watch for the first symptom of the disease—hoarseness. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse it will prevent the attack. Even after the croupy cough has appeared the attack can always be prevented by giving this remedy. It is also invaluable for colds and whooping cough. For sale by J. James Wood, Druggist.
